EDUCATION

University of Queensland Technology (QUT), B.IT. in Computer Science, GPA: N/A *July 2025 - Aug 2027*
Relevant Coursework: Programming Principles (OOP)
Member: QUT Artificial Intelligence/Machine Learning Society, Australian Computer Society (ACS)

Taylor's College, Diploma in Information Technology, GPA: 3.98/4.0 *April 2023 – March 2025*

TECHNICAL SKILLS

Programming Languages: C, C#, Java, HTML, JavaScript, Python, MySQL, PHP
Frameworks & Tools: Next.js, Tailwind CSS, Flutter, React

WORK EXPERIENCES

Reviewbah Sdn. Bhd. **Sabah, Malaysia**
Software Development Intern | Flutter, Next.js, Python, Git, Figma, Selenium, BeautifulSoup *Jan 2025 - June 2025*
- Prototyped user interfaces for Reviewbah's mobile app and website to improve user flow.
- Integrated API calls to connect front-end with back-end, verified request success, and debugged issues across platforms.
- Implemented a voucher system for the merchant mobile app, enhancing promotional functionality.
- Contributed to a Google Maps scraper to enhance automation to enable efficient extraction of business data.

PROJECTS

YouTube Gesture Controller – Personal Project | Python *Aug 2025 - Present*
- Developed a hand gesture controller for Youtube such as play video, pause video and next video.
- Integrated OpenCV, MediaPipe and Python Auto GUI.

Neuronect – Tech4Good Challenge 2025 Finalist | React Native, Figma *Jan 2024 – May 2024*
- Designed intuitive and user-friendly interfaces for a mobile app supporting parents of neurodiverse children (ADHD, Autism, Dyslexia).
- Developed a mobile application empowering parents of neurodiverse children (ADHD, Autism, Dyslexia) with self-assessment tools, benefit visualizer, disability registration guides, and access to diagnosis centers in Malaysia.

JomTravel – Computing Project | React Native, Firebase, Gemini *Aug 2024 - Nov 2024*
- Developed a Malaysian AI Travel Planner mobile application.
- Automatically generate a personalized trip based on user's selections such as location, travel dates, group size, and budget.

LEADERSHIP

Student Leader for Peer Assisted Learning Services (PALS) **Taylor's College, Malaysia**
Java Object-Oriented Programming (OOP) Leader *May 2024 – July 2024*
- Designed and developed engaging Java OOP practice problems, enhancing peers' coding and problem-solving abilities.
- Facilitated weekly instructional sessions, providing guidance and feedback to improve students' understanding and performance.
- Organized weekly sessions to monitor students' progress to ensure students were well-prepared for assessments.

Taylor's STAR Ambassador **Taylor's College, Malaysia**
Event Ambassador *March 2024 – March 2025*
- Represent Taylors' University as a student body during Open Day to ensure a welcoming experience for the prospects.
- Guided campus tours, addressed parent and student inquiries, and shared insights on student life and academic experiences.
